San Juan del Sur

Listing ID: 00158183014

The views from La Fortaleza are truly breathtaking, and it's easy to spend hours just taking in natural beauty and incredible expansive views. Plus, with a four-story design, residents can enjoy plenty of privacy. The building is made of steel and concrete, has outdoor steel stairs, and features high ceilings. It was built in 2018 to withstand earthquakes and has a strong foundation. The entire building has been well maintained, including being repainted in 2023. Turn Casa La Fortaleza into a large family house, with up to 6-7 rooms, or lease as three individual apartment units, currently with shared utilities: FLOOR 1 – GROUND FLOOR: The 1st floor features two rooms with individual access. One is currently used as a bodega, while the other serves as an office and game room with its private ensuite bathroom and storage room. This floor could become an independent studio apartment overvie...
